OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

Dear Secretary, I am writing to request added security on our nations nuclear reactors. As you know we were previously attacked on 911 by air with a total of 19 terrorists.

It doesn't make sense to prepare our reactors for any less. Create beamhenge shields to help protect them by air attacks and upgrade security to handle 19 attackers. My son lives in San Diego and I worry about another attack.

With respect, Bonnie Klea
