Name of Licensee: Montgomery Hospital Name of Participant(s): Janet Bryant, physics consultant Ed Goldschmidt, RSO, Cooper Health System Sandy Gabriel, RI Telephone No. 908-788-9440, ext. 40 (Janet)/856-342-2723 (Ed) Subject: Documentation of conversations <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>		
Summary: This record summarizes a series of conversations and voicemail messages during the above-listed range of dates. On 2/1/06, Janet confirmed that the work near the hotlab entrance was completed over the weekend, so the temporary relocation is no longer necessary. I told her we would treat the letter dated 1/9/06 as a notification. I had multiple communications with both Janet and Ed concerning the request to add Dr. Spitzer as authorized user. After I explained to Janet that ABR certification is not currently recognized, she contacted Ed, who obtained a preceptor attestation from Dr. Zeiger at Cooper Health System, where Dr. Spitzer trained. After Janet submitted this attestation, I contacted Ed to explain that a more detailed documentation of training is needed. As we reviewed the detailed requirements of 35.290, Ed identified that Dr. Spitzer did not receive training in generator use, therefore he does not fully meet the current requirements. In a voicemail message on 2/23/06, Janet informed me that the licensee is withdrawing the request to add Dr. Spitzer. The licensee will arrange for generator training, then resubmit the request.		
Action Required: Issue notification acknowledgement for temporary 35.100/200 relocation and amendment to remove DU from the license.
