SUBJECT: BURNS AND ROE SERVICES CORPORATION, VOIDANCE OF APPLICATION
FOR NEW LICENSE, CONTROL NO. 138056

Dear Mr. Kraai:

This concerns the subject application for an NRC license. We have determined that no NRC license is required to perform the requested activity. The NRC has no regulatory authority to issue a license for storage and use of licensed material in Guantanamo Bay, Cuba. However, if you obtain permission from the local authorities at the requested storage location, then a manufacturer may send a device to that location for use and storage by your company.

We have, therefore, voided your application. This action is taken without prejudice to the resubmission of your request.

Sincerely,
