SUBJECT: INSPECTION 03033256/2005002, SALEM INTERNATIONAL UNIVERSITY

Dear Mr. Reynolds:

This letter refers to your February 24, 2006 letter, in response to our January 12, 2006 request for additional information. Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

A licensing action has been opened concerning the transfer of control of Salem International University from Informatics Holding Limited to the joint venture of The Palmer group and TL Ventures. If further information on the transfer of control is required, the license reviewer will contact you.

It was noted in your reply that you stated, "With the completion of this disposal, the University has no plans to purchase any more radioactive materials." If you have decided to permanently discontinue licensed activities, you must submit a notification of this intent, as required by 10 CFR 30.36(d)(2), and begin decommissioning your facility.

Your cooperation with us is appreciated.

Sincerely,

Original signed by James P. Dwyer
