Solar Testing Laboratories, Inc.
5399 Lancaster Drive
Brooklyn Heights, OH 44131

SUBJECT: NRC REVIEW OF REPORT OF STOLEN AND SUBSEQUENTLY RECOVERED
PORTABLE GAUGE

Dear Mr. Snethkamp:

This refers to your March 1, 2006, letter providing a written report in accordance with 10 CFR 20.2201 regarding the theft of a Troxler portable gauge (Serial No. 18315). Your letter indicated that a vehicle owned by one of your employees, containing the gauge, was stolen near his residence on January 27, 2006. The report described your search efforts, including coordination with local authorities and local news papers, which proved to be successful in the recovery of the stolen gauge. You informed the NRC that an off-duty police officer located the stolen vehicle containing the gauge, and that the gauge was recovered on February 20, 2006.

We reviewed your report of this theft and subsequent recovery of the gauge and have no further questions at this time. Accordingly, no response to this letter is required. The loss and recovery of the gauge will be examined during a future inspection.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

We will gladly discuss any questions you have concerning this matter.

Sincerely,

/RA/

John R. Madera, Chief
Materials Inspection Branch
