Subject: Status letter Faxed to RI-2003-A-0110 alleged

- SENSITIVE ALLEGATION INFORMATION -
- PROTECT ACCORDINGLY -

Faxed the status letter to the allger at 2:50 p.m. today (7/30/04). I asked the alleged if she was interested in coming in to talk about how the NRC rendered its conclusions on the SCWE issue. She indicated that she was. She stated that she would read the documents and get back to me to arrange a time.

I asked her about her comment on the phone earlier with Randy about there being something on the PSEG website about the NRC conclusion of the SCWE review. She indicated that there is an audio webcast of the financial meeting this morning on the website. Before I spoke with her, I had regietered my name on the PSEG website and saw what she was referring to. However, I don't appear to have the appropriate media player to play the webcast. May need some help from DRMA, or someone else can register and try on their machine.
