- SENSITIVE ALLEGATION INFORMATION-
- PROTECT APPROPRIATELY-

Alleger called just to provide me some info. Told me she was informed that PSEG folks were tossing her name around a bit at the RIC. She acknowledged that it is pretty likely that by now, they have associated what is going on with her. Told me that a reliable source informed her that John Carlin was overheard to have said "She had it all wrong."

She will be putting a list of suggested questions for us to consider for the 3/18/04 meeting. She will provide them to me next Monday.
