SUBJECT: AMENDMENT 4 - PORTSMOUTH GASEOUS DIFFUSION PLANT - REVISION OF
TECHNICAL SAFETY REQUIREMENTS 3.1.4 AND TABLE 3.2.2-1, ON-SITE
FUNCTIONAL STAFFING REQUIREMENTS (TAC L52572)

Dear Mr. Starkey:

In accordance with your application dated February 1, 2006, and pursuant to Part 76 to Title 10 of the Code of Federal Regulations, Certificate of Compliance GDP-2 is hereby amended. Specifically, Technical Safety Requirement (TSR) 3.1.4, and TSR Table 3.2.2-1, "On-Site Functional Staffing Requirements," are modified as proposed in your letter, to reflect the elimination of the "Organization Manager" and "Cascade Coordinator" positions, consistent with the greatly reduced level of cascade activity at the Portsmouth Gaseous Diffusion Plant.

Accordingly, Condition 9 of Certificate of Compliance GDP-2 is amended to include the date of February 1, 2006.

All other conditions of Certificate of Compliance GDP-2 shall remain the same.

This amendment is effective 20 days from the date of issuance.

Enclosed are copies of the revised Certificate of Compliance GDP-2, and the staff's Compliance Evaluation Report that describes the basis for the staff's review and conclusion.

If there are any questions regarding this action, please contact the Project Manager, Dan E. Martin, by telephone at (301) 415-7254, or by e-mail at dem1@nrc.gov.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system Agencywide Documents Access and Management System (ADAMS).
