#### Meeting with the Corporate Independent Assessment Team

In January, in response to the NRC Letter, we formed a Corporate Independent Assessment Team reporting to Mr. Cassidy to help evaluate the health of our safety conscious work environment. This team has spent the better part of a month talking to employees throughout the station.

At the Plant Support Town Hall Meeting, an employee asked if they could schedule time to meet with the team.

We would like any employee who wants to sit with the team to have the opportunity. Therefore, if you would like to meet with the team, please contact Mary Lou Wysocki at extension 2748 to arrange an interview.

The team is scheduled to complete their fieldwork and interviews by Friday, April 2, so please don't delay. Contact Mary Lou directly so the interview can be arranged for either this week or next.
