You need to get back to Lisa (or Greg if she is not in).

I took a stab at a response to the three questions - it is on my desk and in the G drive as ANSWERS DL QUESTION.WPD. It is also on my desk along with a lot of background info (Commission Paper; applicable inspection procedures; some prior inspections and management meetings).

Also, there is still the open question as to whether we even acknowledge to DL that the alleged has come to us. Do we need her OK before we did that.

Before sending, check with RI stakeholders, including Randy and Hub (or Jim if he is not in)

In a related matter, we had some discussion this week about maybe sending a chilling effect letter - of course, if we decided to do that, we would take it to the ARB. I have drafted a chilling effect letter and it is also in the G drive as SALEM-CEL.WPD

I was suppose to be off all week but may come in Monday and or Tuesday since Joe is out all week and Rick decided that he also needed to take off Monday and Tuesday. However, if I do not come in and you have any question, feel free to call me.

thx

dan
