STATEMENT OF INTENT

As President of Marshall University, I exercise express authority and responsibility to approve funding for decommissioning activities associated with operations authorized by U.S. Nuclear Regulatory Commission Material License No. 47-05972-02. This authority is established by Chapter 18B, Article 1, Section 7 of the West Virginia Code of 1931, as amended. Within this authority, I intend to have funds made available when necessary in an amount up to \$750,000.00 to decommission NRC approved radioisotope laboratories and radiation facilities at Marshall University. I intend to request and obtain these funds sufficiently in advance of decommissioning to prevent delay of required activities.

A copy of Chapter 18B-1-7 of the West Virginia Code is attached as evidence that I am authorized to represent Marshall University in this transaction.
