Re: Termination of License # 45-25609-01

Dear Sir,

Please consider this letter an official Request to Terminate our license. I spoke with Craig Gordan on February 9, 2006 and was instructed to write this letter to request that you terminate our license.

We are no longer in possession of nuclear guages that were stored at a staging area of a road construction project in Richmond, VA. These guages were on loan to us from the Va. Dept of Transportation and when the project was completed the guages were returned to them under the state license.

The property where the guages were stored (staging area) also belongs to the Va. Dept. of Transportation.

If you need any additional information please call me at (804) 594-2623 x10. We have paid the licensing fee for the year and would like to obtain a refund. For this reason, obviously, time is of the essence.

Thank you for your attention to this matter.

Regards,

Carol A Costello
