<p>Summary: I asked Ms. Stockdale to clarify 2 items regarding radiation safety training for nuclear medicine technologists (NMTs):</p> <ol style="list-style-type: none"> <li>1. A monthly review of radiation safety topics is provided for all employees, including NMTs. Employees are required to attend this review class once per year.</li> <li>2. If the NMT working at Springfield Hospital is not certified, a Chief NMT provides oversight for the NMT. This is to fulfill JCAHO requirements, not NRC requirements.</li> </ol> <p>I informed Ms. Stockdale that, within the scope of this inspection, no violations were identified and Crozer Chester will be receiving the inspection report shortly.</p>
