Randy,

We have one outstanding commitment from the VTC with Ellis Merschoff and Jim Dyer.

We were tasked with following up with Senator Lautenberg's staff to ensure that we had answered their questions/concerns satisfactorily. Did you plan on doing this or do I need to solicit the assistance of Tom Madden? Because you were the one that conducted the briefing, I thought it would be best if you did the follow-up.

I was thinking that when we implement the comm plan for the work environment letter, it would be a good opportunity to complete this action. However, I am open to any suggestions that you might have.

If you have any thoughts, let me know.
