Docket No: 030-31883
Control No: 137924

Ms. Parrish:

This is in reference to your application dated October 26, 2005 requesting renewal of your NRC License No. 45-25118-01. In order to continue our review, we need the following additional information concerning your Mobile Nuclear Medicine procedures.

1. Describe the scope of your Mobile Nuclear Medicine service and confirm that these activities are performed in accordance with the requirements of 10 CFR 35.80.
2. Confirm that you have developed, documented and implemented procedures to ensure that radioactive materials are transported in accordance with 49 CFR Parts 170-189.
3. Confirm that you have developed, documented and implemented emergency procedures, in accordance with 10 CFR 20.1101 that are commensurate with the scope and extent of your radiation protection program.
4. Confirm that your drivers are properly trained in the applicable transportation regulations and emergency procedures in addition to the training requirements of 10 CFR 19.12 and 10 CFR 35.27. The training for these individuals should include, at a minimum, DOT regulations, shielding, ALARA, and basic radiation protection.

NUREG 1556, Volume 9, Revision 1, Appendix V may be helpful in preparing procedures for your Mobile Medical Service. You may find this document on our web-site (www.nrc.gov).

Please note that you may not reply to this letter by return e-mail. Your reply must be in writing by letter or facsimile (610-337-5269) and signed by a member of Danville Diagnostic Imaging Center's management. If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your application. If you have any questions, I may be reached at 610-337-5272.
