Subject: Hudson Global Resource Management NRC License No. 37-27891-01
Docket Number 03029478; Mail Control Number 138332

Dear Sirs:

Pursuant to Hudson's Global Resource Management's notification letter dated January 31, 2006, which identified a potential and pending change of control event; and pursuant to the NRC's response dated February 22, 2006 and signed by Health Physicist, David J. Collins; this letter is to further notify you that Hudson Highland Group, Inc. (HHGP) has determined that the contemplated asset sale has been cancelled.

Therefore, contrary our letter of January 31, there will be no impact to the control of the referenced license, materials, management or daily activities currently being managed by our wholly-owned subsidiary, Hudson Global Resources Management, Inc. (HGRM), a Pennsylvania corporation. Should any new issues develop in the future, we will provide prompt notification to your office again within the appropriate timeframes.

If you have any further questions or concerns about this notification, please continue to direct any correspondence or telephone communications directly to the attention of the undersigned, Mark Fenske. I can be reached at 412-517-7732 or via e-mail at mark.fenske@hudson.com.

Respectfully,

Mark A. Fenske
Senior Vice President
Engineering and Scientific Division
Hudson Global Resources Management, Inc.
