2. Telephone Conference Call on March 2, 2006, Regarding Future Force-On-Force Action for Fort Calhoun Station

SUBJECT: Basis and Request for NRC to Defer Significant Force-On-Force (FOF) Activities at Fort Calhoun Station Until 2007

Pursuant to the Reference 2 telephone conversation, Omaha Public Power District (OPPD) is submitting this letter to the NRC to document various items discussed with Fort Calhoun Station management.

In this letter, OPPD will describe the current status of compensatory measures established to meet the various security orders, plans for future compensatory measures, provide a discussion on the validation of analyses, present plans to complete a Force-On-Force (FOF) drill at FCS, and a request to move additional significant FOF activities to 2007. This information is contained in Attachment 1 to this letter, "Basis and Request for NRC to Defer Significant Force-On-Force Activities at Fort Calhoun Station Until 2007."

If you have additional questions, or require further information, please contact Gary Cavanaugh at (402) 533-6913.

Sincerely,

D. J. Bannister
Manager – Fort Calhoun Station
