N.S. SAVANNAH Annual Report for CY 2005 - SUPPLEMENT**

Dear Mr. Adams:

This letter supplements the Maritime Administration's (MARAD) CY 2005 annual report of activities for the Nuclear Ship SAVANNAH (NSS). The supplement: a) provides the missing attachment (meeting agenda) to the Review and Audit Committee meeting minutes; and b) amends the annual radiological survey report to include the visual inspection summary (ref. TS 3.7.6), and a note regarding the administrative absence of page "9 of 9" from the first section of the survey report.

If you have any questions regarding this matter, please feel to contact me.

Sincerely,

Erhard W. Koehler
Senior Technical Advisor, N.S. SAVANNAH
