Re: License # 52-31094-01

MESSAGE: We urgently require an amendment to our license
authorizing the use of Tc-99m so we may carry out
the geometry and linearity tests on our dose calibrator.

Since our laboratory will only be carrying out PET studies,
the need to use Tc-99m was overlooked.

Please forgive any inconvenience this may cause you.

Thank you,

Maria M. Palacios, M.S.
