Attached for your review is Revision 2 to the PPL Susquehanna, LLC (Susquehanna Steam Electric Station) Physical Security Plan. Revision 2 incorporates those changes described in References 1 and 2. In addition, clarifying information was added to Section 14 to address a question raised by the NRC during PPL's 2006 Security Baseline inspection. Revision 2 also includes administrative changes.

Pursuant to 10 CFR 50.54(p), PPL Susquehanna, LLC has determined that the changes do not decrease the safeguards effectiveness of the plan and may therefore be made without prior NRC approval.

Should you have any questions or require additional information, please contact Mr. Michael R. Sleigh, Manager Nuclear Security, at (570) 542-3200.
