

## EXPLANATION

Quaternary	Qal	Alluvial Material
Late Cretaceous	Kmbgu	Upper Part of Blue Gate Member of Mancos Shale
	Kmpc	Prairie Canyon Member of Mancos Shale
	kmbgl	Lower Part of Blue Gate Member of Mancos Shale

For a description of lithologic symbols used in the logs for geotechnical holes, coreholes, and test pits, see the RAP, Attachment 5.

Vertical Scale Exaggeration X 5.

Number for each corehole, geotechnical hole, and test pit is shown at the top of each lithological column.

Lines of Cross Sections are Shown on Plate 1.

# PLATE 2

U.S. DEPARTMENT OF ENERGY  
GRAND JUNCTION, COLORADO

Work Performed by  
S.M. Stoller Corporation  
Under DOE Contract  
No. DE-AC01-02GJ79491
