As you know, beginning next Monday (12/12/05) Mindy Landau will be our acting BC. In order that she has an idea of the big items going on with our plants, please prepare a short writeup on significant activities going on with your plants (e.g., Dresden/Quad Cities AST denial, Quad Cities dryers, Braidwood OS tritium).

Prepare the summary as a WordPerfect file and send it to me via e-mail by COB Thursday (12/08/05).

Thanks,

George
