Sherrie/TJ,

Please include a hard copy of this GT G20060091 with the YT package, and issue the YT today if possible.

Tim,

Attached is what I have on the Q/A format from OEDO electronically. Bob Gramm has the NRR lead for the GT.

Tilda

Will we get some more guidance in this? Questions to answer or a format to follow.

Steve - Looks like a good thing for Stacie to work on to get her up to speed on the tritium issues

Noel/Bob/Tim,

Would you include this topic in the Q/A section for the Oversight Hearing Testimony on 3/9/06? Once we get the OK from OEDO, we may submit this with G20060091. In the mean time, we will have this action item yellow ticketed.

Sherrie/TJ,
Please yellow ticket this item to DIRS, with due date same as for G20060091.

Thanks,
Tilda L.

See attached. We should have a Q&A or section on tritium leaks for the briefing books for the 3/9 hearing. Jim.
