<p>Name of Licensee: Department of the Army U.S. Army Center for Health Promotion &amp; Preventative Medicine</p> <p>Name of Participant(s): Bethany Hope Webb</p> <p>Telephone No. 410-436-7602</p> <p>Subject: RAI, Clarification on use and SS&amp;D Model numbers (NOTE: This will be used as the Documents Title in ADAMS)</p>		
<p>Summary: We discussed that the evaluation of devices is part of R&amp;D and does not need to be separately listed on the license as an authorized use. We also discussed that they do not calibrate instruments and thus calibration of instruments can be removed.</p> <p>We discussed that the only sealed sources in the SS&amp;D registry can be listed on the license as a sealed source. Other sources can be included on their license as "any" form and be maintained under their license. Financial Assurance and decommissioning methods for "any" form would need to be maintained. The other option is to submit for an exemption.</p>		
<p>Action Required: Ms. Hope will be submitting a revised listing of radioactive material listing along with model numbers for sealed sources that are to be maintained on the license.</p>
