

Changes From Revision 00 to Revision 01

Chapter 16 (Technical Specifications) and Chapter 16B (Bases)

Item	Location (e.g., subsection with paragraph/sentence/item, table with column/row, or figure)	Description of Change
	Global	<p style="text-align: center;"><u>GENERAL DOCUMENT CHANGE</u></p> <p>Revision 1 of ESBWR DCD/Tier 2 Chapters 16 and 16B incorporates numerous changes to better align the ESBWR Generic Technical Specifications (TS) with recent industry improvements to the Standard TS (NUREGs -1433 and -1434) for the current operating BWRs. Revision 1 also incorporates numerous changes necessary to maintain consistency with both technical and non-technical changes that were incorporated in Revision 1 of the other supporting DCD Chapters as well as non-technical editorial and administrative changes to standardize the format and terminology throughout the TS and Bases.</p>
