Steve,

I have it finished and it's been at our Provost's office for a signature. I just returned from there and I discovered both our Provost and Assoc. Provost are away this week. The Assoc Provost will be back on Monday and I'll see her as soon as I can (I teach on Monday from 8:30AM to 1PM). If I can get her to sign, I'm hoping to mail it to you then.

Again, my apologies for how long this has taken. Thanks for your patience.

Jack
