As per our conversation we wish to clarify our request for change in storage location requested 3-2-2006. The location noted below is an employee home who was temporarily storing the radioactive source at this home. We intent to create a permanent storage location and that is the purpose of this notification.

Current Temporary Storage Location  
132 N. Crews Place  
Terre-Haute, IN 45458

We report that there were no incidents or reports indicating leakage from this sealed source at the current location.

The new storage location intended for permanent use is noted below:

Viking Self Storage – Unit #36  
421 West National Avenue  
West Terre Haute, IN 47885

This storage location is secured with key pad entrance. Unit #36 is located inside a building with secure entrance and radioactive sources secured with keyed padlock. Only authorized persons have access to the storage unit.

Please advise if you require any additional information.

Regards,
