Dear Mr. Timbo:

This refers to your letter dated February 13, 2006 describing the proposed transfer of partial ownership for your licensed activities to ASICO, Ltd. From your letter, we understand that this transfer will not result in any immediate change to the licensed name, location of use, materials, persons using licensed material, or persons responsible for radiation safety at the licensed facility.

Based on the above understandings, we have no objection to this transfer. Please note that future changes in the licensed name, use, location, or persons responsible for licensed material require submission of a request to amend the license. NRC approval must be received prior to implementation of the proposed change.

Thank you for your cooperation in this matter.

Sincerely,
