License # 29-12783-04E, 29-12783-01, and 29-12783-02G  
(FAXED TO NMSS)

I am writing to follow up on our e-mail communication of March 9 regarding the relocation of Princeton Gamma-Tech Instruments. I confirm that all radioactive material relating to the above-numbered licenses was removed from 1026 Route 518, Rocky Hill, NJ 08553 and relocated to 303C College Road East, Princeton, NJ 08540 on March 14, 2006. Furthermore, I confirm that all our radioactive material is in the form of sealed sources and that regular wipe tests indicate that no sources are leaking or have leaked in the past.

I understand from your e-mail that an inspection of our old premises (Route 518) is not required, but please do not hesitate to contact me if you require any further information.

Sincerely,

Christopher E. Cox  
President & RSO
