ESP/LTB
Docket No. 52-008

DOMINION NUCLEAR NORTH ANNA, LLC
NORTH ANNA EARLY SITE PERMIT APPLICATION
NRC QUESTION 10.g - WATER BUDGET ANALYSIS SPREADSHEETS

On March 2, 2006, NRC sent a letter to Dominion documenting the results of its review of the North Anna ESP application supplement submitted to NRC January 13, 2006. NRC's March 2nd letter identified additional information needs. Dominion plans to provide the requested information by submitting Revision 6 of the North Anna ESP application no later than April 14, 2006. However, certain information is available now and is being provided early to facilitate NRC's review.

NRC question 10.g requested that Dominion provide an electronic copy of the analysis spreadsheet used to estimate the lake level and downstream flow impacts. A CD containing the water budget model and two executable spreadsheets of data is enclosed. Copies of the CD have separately been provided to Pacific Northwest National Laboratory, the Virginia Department of Environmental Quality, and the Virginia Department of Game & Inland Fisheries.

If you have any questions or require additional information, please contact Mr. Tony Banks at 804-273-2170.

Very truly yours,

A handwritten signature in black ink, appearing to read "E. Grecheck", written over a horizontal line.

Eugene S. Grecheck
