Dear Sir or Madam:

Due to recent changes in management personnel, Allegheny Ludlum Steel Corporation, Washington, PA requests an amendment to United States Nuclear Regulation Commission (USNRC) Materials License Number 37-30562-01. Licensees are required to notify the USNRC of changes in the position of Radiation Safety Officer (RSO), this correspondence constitutes that notification.

Allegheny Ludlum Steel Corporation, Washington, PA requests that current Safety Supervisor Darrin Sebastian be named as RSO. Mr. Sebastian successfully completed a training course that included the topics identified in NUREG 1556, Volume 4. A copy of that training certification is included.

If there are any questions please contact my office at (724)229-3633.

Best Regards,
