Brian

Bruce Watson, Mark Roberts and I discussed the pipe on Thursday pm and all felt that it did not need to be sent to HQ for a TAR as it looks like the pipe does not represent a significant source term. If you are satisfied that the pipe isn't a threat you should proceed as planned. I discussed this with Dan Gillen and he was OK with this approach.

Hey Nick,

Here's the details of what we discussed by phone re: this 2' section of pipe at United Technologies. Please take a look at it and give me and/or Mark Roberts or Steve Courtemanche your thoughts.
