Subject: Clarification of amendment requests <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>		
<div style="display: flex;"> <div style="flex: 1;">Summary:</div> <div style="flex: 2;"> <ol style="list-style-type: none"> 1) Regarding the May 4 request to add a new location of use: <ol style="list-style-type: none"> a) Will any special use facilities be located in this new building, or just standard laboratories? Lanka said that only standard laboratories will be located in this building. b) The May 4 request included many pages of information that appear to be the same as the most recent license renewal request. Are there any requests to change the licensed program (other than adding the new building)? Lanka said that the only request is to add the new building. Per discussion with Penny Lanzisera, I informed Lanka that it will be unnecessary to "tie down" this request; we will just add the new address. 2) Regarding the May 18 request to change the senior management contact for this license, should mailing address in item 2 of the license be changed to this address? Lanka said that the mailing address in item 2 of the license should be changed to the Newark address listed in the May 18 request. </div> </div>
