SUBJECT

Control No. 315360 -- Re - Amendment request by informational letter dated April 4, 2006, regarding change of ownership and licensee name change (from Wabash River Energy Ltd. to SG Solutions, LLC) for their NRC license, License No. 13-26571-01.

SUMMARY

In a telephone conversation with Mr. Mickelson on this date, the following items were discussed:

1. Mr. Mickelson confirmed that the mailing address for the licensee remains unchanged, i.e., 444 W. Sanford Avenue, West Terre Haute, Indiana 47885.
2. I related that their letter, referenced above, was mailed to our old address and that all future written correspondence should be sent to our current address at **2443 Warrenville Road STE 210, Lisle, IL 60532-4352.**
3. I also related to Mr. Mickelson, regarding any future change of ownership transactions, that current guidance to be followed is found in Appendix F of NUREG-1556, Vol. 15 (November 2000), rather than Information Notice 89-25, Rev. 1, Attachment 1 (December 7, 1994). Further I noted that the current guidance document states that the licensee is to obtain NRC's "prior written consent" before transferring control of the license.
4. Item 13 of the licensee's letter dated April 4, 2006, refers to an "attached certificate" whereby the transferee, SG Solutions, LLC, agrees to full responsibility for the site. The referenced certificate was not attached to the letter we received. Please provide a copy for our review/evaluation.

Licensee was requested to provide me the requested response to Item 4 above (as additional information to Control Number 315360) by facsimile at 630-829-9782. No follow-up hard copy is needed. Any questions may be directed to me at 630-829-9828.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this conversation record will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).
