Ms. Virgilio: A couple of months ago I received the annual letter from Ms. Janet Schlueter, Director of the Nuclear Regulatory Commission's Office of State and Tribal Programs, enquiring as to whether or not there has been any change in the Governor's Designee information for the State of Minnesota. Mr. Leuer is also the designated State of Minnesota official "...to receive advance notifications of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001."

Specific contact information for Mr. Leuer is as follows:

Rosetta,

I am the Field Enforcement Division Commander. The Operations Center is our 24 hour service center, if you will, where all of our faxes and other time sensitive information is gathered. This information is received in our Operation Center. The information is then disseminated to the effected districts. This is handled as sensitive information.

Tom - Just had a telecon with your receptionist. She did confirm that you would be the likely person to be named as the contact. She also noted, however, that Paul Whitesell holds a Governor-appointed position, but that he'd likely not see the day-to-day advance notices. Perhaps you are designated by him, then?

Do feel free to call me at 301-415-2367 if you would prefer; or email is fine, too.

~~~~~

Tom - This does have to do with NRC or NRC licensee contact with a single State rep relative to the receipt of radioactive waste shipment information. This information is considered Safeguards Information, which has special handling requirements, and is to be protected from disclosure to those who do not have a need to know. Not doing so carries civil and criminal penalties.

Thus, I need the name of the person in the State who is authorized by the Governor to receive this information.

Rosetta,

No, I have not. Our Superintendent is Paul Whitesell Ph.D.

I quests I misunderstood the request. I thought this was the prior notification for shipments through our state.

Good morning, Tom - This position to receive notifications with regard to 10 CFR Parts 71 and 73 is a Governor-appointed position, which generally serves a the contact to receive both Part 71 and Part 73 info. We have one case, TX in which the Governor has appointed one individual to receive Part 71 info and another individual to receive Part 73 info.

Have you been appointed by the Governor to succeed Superintendent Melvin Carraway?

Ms. Virgilio,

I am in receipt of a letter from Janet R. Schlueter, Director - Office of State and Tribal Programs, to Colonel Poulin dated March 14, 2006 requesting confirmation of information listed in the attached Governors' designee list to be published in the Federal Register. Colonel Poulin remains the Governors' designee in Maine and the attached information in that letter was correct. The letter also requested an e-mail address for Colonel Poulin that would not be published, but would be used for rapid notifications by the NRC to State designees. That e-mail address should be listed as follows: Craig.A.Poulin@maine.gov <mailto:Craig.A.Poulin@maine.gov> ✓

I hope this information is helpful to you and please feel free to contact me if you need anything further.

I received Janet's letter regarding my status as the Governor's designated official in MA who receives advance notification about shipments of nuclear waste and spent fuel. Near the end of that letter, she asked for an e-mail address so I can be added to the proposed listserver of Governors' designees. NRC may as well use my e-mail address for that:

As to changes in contact information, I expect that our office will be moving around May 6 to a new location in Boston. I don't have details of telephone numbers yet, but I'll transmit all of our new contact info to OSTP once I have it. UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

March 14, 2006

Mr. John Bahnweg  
Director of Operations and Training  
Pennsylvania Emergency Management Agency  
2605 Interstate Drive  
Harrisburg, PA 17110-3321

Dear Mr. Bahnweg:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notifications of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information. Also enclosed is a copy of NUREG-0794, "Protection of Unclassified Safeguards Information," which is intended to assist persons who possess Safeguards Information in establishing an information protection system that satisfies the specific requirements of Section 73.21 of Part 73.

I have also enclosed a copy of the present list of Governors' designees, containing your address and telephone number. If any information on this list is inaccurate, please send your corrections to the Office of State and Tribal Programs. If we do not receive a response by **May 31, 2005**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the Federal Register on or about June 30, 2005.

In the aftermath of the events of September 11, 2001, we have recognized the importance of being able to communicate information to States quickly. The Office of State and Tribal Programs uses an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. We would like to create a similar dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in a more expedited fashion. We will not publish your E-mail address in the Federal Register, but will have it available to provide you information in a more timely fashion than the regular mail service.

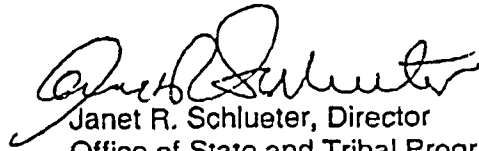

During the year, please inform us of any changes which may arise in appointment, address, telephone number, or E-mail. Please note that changes in appointment should be made by the Governor of your State.

Inquiries on this matter should be directed to Rosetta O. Virgilio of my staff at 301-415-2367 or by E-mail at rov@nrc.gov. You may also Fax corrections to Ms. Virgilio at 301-415-3502.

Your cooperation in this matter is greatly appreciated.

Sincerely,

Janet R. Schlueter, Director  
Office of State and Tribal Programs

Rosetta,

My contact information in the March 14th letter from Janet about 10 CFR Part 71 and Part 73 notifications is correct. I think its a great idea to have a dedicated list server for Governors' Designees. Let me know if you need anything else from me.

Thanks,
