Lisa,

We will be having a periodic update ARB for the Salem/HC SCWE allegation (RI-2003-A-0110) on Thursday 3/4/04 at 2:00 p.m. (we have had one of these about every 2-3 weeks since we received the allegation). Part of the discussion will involve the issues you and I talked about the other day re: the docketing of the Synergy report, asking for a licensee presentation, reviewing the report, etc. So, if you are available, we would like you to join in on the discussion. Please let me know when you get in on Thursday morning if you can participate. I think they have a bridge number for the discussion (so the residents can call in if they want to), and I will get you that information if you are calling in. Thanks.
