Subject: The Lochbaum Response Re: Salem/Hope Creek Allegor's Case

Lisamarie,

I understand that Russ Arrighi forwarded you some e-mails regarding the Salem/Hope Creek allegor's discrimination case which I had sent to the staff here in Region I in preparation for a public meeting in January where the staff thought the topic might come up. The e-mails contained details about OI performance measures and some info regarding reasons for the investigation exceeding the OI timeliness measure. I know that Guy Caputo just last week had a conversation with Ellis Merschoff and from that conversation, as I understand it, Merschoff was not looking for a detailed response to be provided to Lochbaum. Please make sure you check with Mr. Merschoff's office before utilizing info from my e-mails in your planned response to Lochbaum. Any questions, please call. Thanks

Ernie
