SUBJECT: ROBERT WOOD JOHNSON UNIVERSITY HOSPITAL, VOIDANCE OF
APPLICATION FOR LICENSE AMENDMENT, CONTROL NO. 138765

Dear Mr. Jones:

This concerns your April 26, 2006, application for an Amendment to add a high dose rate remote afterloader (HDR) device to your NRC license. Based on a telephone conversation on July 21, 2006, between Dr. Venkat Narra of your organization and myself, we understand that construction of your HDR treatment room will not be completed for some time and you have not yet decided on another location to perform HDR treatments. I also discussed with Dr. Narra the additional information which must be submitted in order to complete the requested action. Because you do not currently have a proposed location of use and storage for the HDR device and you will not be able to supply the additional information required to complete the requested action for some time, we have voided your application. This action is taken without prejudice to the resubmission of your request.

Please contact me at 610-337-5371 if you have any questions regarding this matter.

Sincerely,
