Name of Licensee: CTI Consultants, Inc. Name of Participant(s): Alex Kuriatnikov & Sattar Lodhi Telephone No. 410 363 8344 Subject: Storage locations <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>		
Summary: The licensee submitted only leak tests of its sources but the letter did not specify what the request was for. I called the licensee to discuss its submittal. He stated that a year ago or so, they request to move from Stephanie Way, Chesapeake to 840 Juniper Crescent in Chesapeake, and this year in June they moved from Juniper Crescent location to 953 B Norfolk Square, Norfolk, VA. He stated that both of these locations need to be removed from the license. I explained to him that when a licensee moves from one location to another, the license is amended to include the new location and the old location is retained on the license until the move is completed. Licensee is supposed to request another amendment to remove the old location after all material is removed from the location. I informed him that this office never received such a request to remove the old locations. I asked him to send a letter requesting removal of the old locations in Chesapeake along with certification that they did not have any leaking gauges while they were stored at the locations. He will send a letter soon.
