Subject: termination of license - additional information will be delayed. <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>		
Summary: Jack Reilly called regarding the May 16 letter requesting additional information in order to terminate the license. After review of their records, the licensee decided that additional surveys are required in order to provide the information. Because the licensee also has ceased all activities with unsealed byproduct materials, they are seeking a contractor to perform surveys for both the source and BPM materials at the same time. They will not have the surveys performed for some time, so requested that we discontinue working on this action.		
Action Required: Send void letter for action.
