RE: Changing Specific License to a General License

I am requesting a change of license. On Sept. 9, 2005, Thermo Electron gave an acknowledgement of Transfer of Radioactive Material to us. It stated Thermo Measure Tech has administratively redistributed the radioactive material pursuant to applicable regulations as authorized by their Texas License L03524

The devices are as follows:

TN Technologies	Model 5193	Serial 219	Source No. SA-942	Isotope Cs-137
TN Technologies	Model 5193	Serial 220	Source No. SA-955	Isotope Cs-137

These gauges were converted from specific to general on Sept. 9, 2005. A copy of the acknowledgement of transfer of radioactive material is attached.

I am therefore requesting the specific license be terminated.

Sincerely,

Robert Birckbichler
Manager of Operations.
