Regarding: License # - 29-00232-08, Mail Control # - 139087

03002423

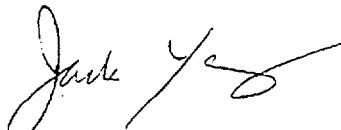

Dear Ms. Gabriel:

At Saint Francis Medical Center, we have started our HDR program since May 17, 2006. Both Dr. Sang Sim and I are the AU and AMP for SFMC. We have completed the following requirement for Dr. Sangeeta Tyerech to be AU eligible at SFMC, and she has accomplished the following items:

1. HDR device operation – understand and participate the operation of the HDR unit for clinical usage, step by step operation by Sang Sim and Jack Yang on May 17, 24 31 (along with Dr. Jo Ann Chalal) and June 7, 9.
2. Safety procedure and emergency drill – Understand the safety requirement and also participate the safety drill under the emergency situation (ex. Source not retrievable) – on date May 17 and July 27.
3. Clinical use – Participate and under supervision of the AU (Sang Sim) and AMP (Jack Yang) for cylinder and Mammosite cases to treat patients properly on May 17, 24 and 31, June 7 and 9.

Please kindly review Dr. Tyerech' qualification and add him into the current AU list as the HDR afterloader at SFMC. Thank you for your kind attention and best regards!

Sincerely,

Jack Yang
