**SUBJECT: AFFIDAVIT TO WITHHOLD INFORMATION FROM
PUBLIC KNOWLEDGE**

I, Mark W. Fecteau, do hereby state,

1. I am the Columbia Fuel Fabrication Facility (CFFF) Plant Manager, Westinghouse Electric Company, LLC, (WEC), and authorized to make and execute this affidavit.
2. On July 13, 2006, WEC provided to representatives of the Nuclear Regulatory Commission a cost estimate to terminate NRC License SNM-1107 per WEC letter number LTR-RAC-06-201. It is Westinghouse's position that portions of this document should be withheld from public disclosure as confidential financial information under 2.390(a)(4). Enclosed with this affidavit is a redacted version of the document which may be made publicly available.
3. The information provided is routinely withheld from public disclosure, was submitted to the Commission in confidence and is not available in public sources.
4. Disclosure of the subject information would harm the competitive position of Westinghouse since this report contains substantial sensitive information related to the company's financial performance.

For all the foregoing reasons, Westinghouse requests that the subject information be withheld from public disclosure by virtue of 10 CFR 2.390(a)(4).
