SUBJECT: AMENDMENT REQUEST

Dear Ms Talbot:

This letter is in response to your letter, dated February 13, 2006, requesting an amendment to NRC License Number 04-02624-03E to include the addition of a new distribution location at 15989 Cypress Avenue in Chino, CA. As explained in our telephone conversations, pursuant to 10 CFR Part 32, in order for us to amend your license we will need a copy of your State of California possession license showing you are authorized to possess at that location. While you have indicated that you have applied to the State for an amendment, you remain uncertain regarding when the amendment will be completed.

Given the unavailability of adequate information, NRC staff is unable to complete its review of your request. Therefore, we have discontinued the review of your application. This action is without prejudice to re-submission of your application. When you decide to re-submit your application for amendment, please ensure that you include, with your entire application, a copy of your amended state of California possession license.

If you have any questions, please contact Bruce Carrico of my staff at (301) 415-7826.

Sincerely,
