Our ref: DCP/NRC1765

July 28, 2006

Subject: AP1000 COL Standard Design Change Submittal

APP-GW-S2R-010, Revision 0, "Extension of Nuclear Island Seismic Analysis to Soil Sites," Technical Report Number 03

Please be advised that in letter DCP/NRC1751, dated June 14, 2006, to the U.S. Nuclear Regulatory Commission Document Control Desk, from A. Sterdis of Westinghouse, we incorrectly referenced Technical Report Number 15 in two instances. The correct Technical Report Number is 03.

Please note the following corrected text:

1. DCP/NRC1751, Page 2: "Pursuant to 10 CFR 50.30(b), APP-GW-S2R-010, Rev. 0, "Extension of Nuclear Island Seismic Analysis to Soil Sites", Technical Report Number 03, is submitted as Enclosure 1 under the attached Oath of Affirmation."
2. DCP/NRC1751, Enclosure 1: "APP-GW-S2R-010, Rev. 0, "Extension of Nuclear Island Seismic Analysis to Soil Sites", Technical Report Number 03, Dated June 2006"

Very truly yours,

A handwritten signature in cursive script that reads "D. F. Hutchings" followed by a flourish.

A. Sterdis, Manager
Licensing and Customer Interface
Regulatory Affairs and Standardization
