Dear Sandy Gabriel,

Capital Cardiology Consultants, P.C. is requesting to amend the Radiation Safety Officer (RSO) from Abbas Motazedhi to Ravjyot Chawla, M.D. under license number 08-30727-01. Due to unforeseen circumstances we are requesting this change to occur as expeditiously as possible.

Dr. Chawla is currently listed as an authorized user on NRC license 08-30727-01 issued to Capital Cardiology Consultants, P.C. (CCC). Dr. Chawla has received training in the radiation safety, regulatory issues, and emergency procedures for the uses authorized on CCC's license (10 CFR 35.100 and 35.200). This training was provided by a RSO who is authorized for the types of use on CCC's license. Dr. Chawla has achieved a level of radiation safety knowledge sufficient to function independently as a Radiation Safety Officer for a medical use licensee.

I have attached a copy of the radioactive material license of registration. The purpose for which the radioactive material will be used is for medical use. Ravjyot Chawla, M.D. will be responsible for the radiation safety program and any training experience as well as training for individuals working in or frequenting restricted areas. The facility to use the radioactive equipment is Capital Cardiology Consultants, P.C. located 1150 Varnum St NE #201, Washington, DC 20017.

Please feel free to contact the Practice Administrator, Deana Jefferson at (202) 526-9746 x105 with any additional questions. Thank you.

Sincerely,

Abbas Motazedhi, M.D.
Radiation Safety Officer, CCC
