Thanks, I will clarify with Ellis about what goes into the letter, but I'd like to know a little more about the timing of things to ensure we are prepared for the briefs at the end of the month as well. I know you did quite a lot to get this issue thoroughly investigated and produce a great report. I think you should be very happy with the efforts and results. I'd like to clearly indicate just how much you did, but I am sensitive to not discussing anything your office thinks is sensitive. I think we are on the same page.

I've heard the NRC discussed with the allegor concentrating our initial efforts on the SCWE concerns raised, which meant a slight (4-month) delay in focusing on the discrimination issue. Can you verify that?

I've heard that while you were investigating the discrimination issue, the allegor brought additional information or clarifications to you a number of times requiring further review. Can you verify that that happened and how often?

I've heard that the case agent ~~(redacted)~~ mid-way through the investigation delaying closure. Can you

7C

verify that?

That's it. Thanks

Lisa J.

Appended is a draft of the Comm Plan for two cases: the release of information on Kymm Harvin's discrimination case

Neither was substantiated.

We're soliciting feedback on additional Qs and As. We'd like to have a complete list by mid-day on March 16. Please provide any comments you may have by then.
