**Subject:** Wild Fires near Crow Butte Resources

Steve:

At 12:00 p.m. MST, I notified the U.S. Nuclear Regulatory Commission 24-Hour Operation Center of the wild fires east of Crow Butte Resources Central Processing Plant. The Center was informed of the possible evacuation of the Crow Butte site should the fires continue to burn out of control. The Center was also informed that you and Bill VonTill had been made aware of the situation. Thank you for your support and cooperation.

Larry
