Subject: Re: Soliciting input for time to ad-hoc ARB last RI-2003-A-0110 OI case

Dave: Any day that week but Wednesday or Thursday will be okay for me. I don't know Lisa's availability, but I would assume if one of us attends it will serve the purpose. What is the allegation number?? What are the issues to be discussed? When you get a briefing sheet together, can you send me and Lisa a copy? Thanks

-Andrea K.

We would like to ad-hoc ARB this closed OI case after people have had an opportunity to read and evaluate the report. Because of the need to move this along as quickly as possible, we would like to have the ad-hoc ARB as early as the week of March 7, if at all possible (we know that the RIC is that week). Please get back to the Region I Allegation Office (D. Vito, L. Harrison, S. Johnson) as to your availability/preference for the date/time of an ad-hoc ARB to discuss this. Your feedback and support is appreciated.

Moving this forward will allow us to be responsive, in one letter, to the allegeder's remaining issues from the original allegation case file, which included the overall SCWE issue at Salem/HC. It will also allow us to be fully responsive, from a FOIA standpoint, to an anticipated FOIA request from the allegeder for all available information.
