Dave,

Please post the letter I just sent you on the NRC website area for Salem/Hope Creek.

In addition, please take whatever steps to insure my comments at the January, 2005 public meeting are on the website also. I made this request of Randy several times and, as of today, my comments are not posted.

And please confirm, via a return email, that you have received this message and my previous one.

Thank you,  
Kymn
